

HOLDUP THAT WAS PECULIAR

WOMAN SAYS SHE WAS BOUND AND GAGGED FRIDAY NIGHT.

A most remarkable robbery took place late on Friday night. Mrs. Swarts had been to the theater, and upon her return to her home, opposite the Sun office, she laid down her purse on a chair, and proceeded to pile her clothing on top of it, while she was making ready to retire. In the purse were three hundred dollars, and in a handkerchief on top of a dresser were a number of silver dollars, halves and quarters, thrown there carelessly by the lady's husband, Bill Swarts, who keeps the Tip saloon.

When Mrs. Swarts was just ready to turn off the electric lights there came a knock at the door, and in response to her "Who's there?" came the reassuring answer: "It's me."

The man outside further said that he bore a message from her husband, and she opened the door and received a smack in the face, the man making an effort to close her mouth.

"I have a big mouth," said the lady, smiling, "and he couldn't close it, and I bit him in the hand, and he kicked me in the stomach with his knee, knocking me out. When I came to, I found myself gagged and my hands tied behind my back. There were two of them, and I heard the small man say, 'What did you knock her out for? I'd have made her show me where the rest of the gold was, if I had to shove her hands in the stove.' I didn't say anything after that, but just waited till they went, and then I dragged myself to the door, and into the road. I was untied by a man and a woman who happened along and then I went after the police and my husband. The robbers had taken about \$65 in all, but had missed the three hundred which was under my clothes. One of the men had his mask off and I would know him again. He looked like a hophead."

Detective Carberry has looked all over the city but has failed to find a trace of the missing thugs.

"In all my experience," said the great thief taker of Cripple Creek, "I never worked on such a baffling case. In the hasty search for the goods the robbers were just as careful as if it had been their own house. In going through the drawers they must have put all the contents back just as they were when they took them out. I took the lady everywhere where these characters might be found, but we have been unable to locate either a short or a long man, who looks the goods. It must have been a great disappointment to the robbers to know that there was three hundred so near and yet so far."

That such things should take place at this time shows the short-sightedness of the county commissioners when they reduced the force of the sheriff.

PERSONAL MENTION

S. A. Knapp, who has been here for several days, leaves this morning for his home in Berkeley.

Bryce W. Turner, general manager of the Montgomery Shoshone, came up from the lower country last night.

Superintendent J. F. Hedden of the Tonopah and Goldfield Railroad company, left last night for Philadelphia, where he expects to be for about ten days.

Fred Davis, the mining man, who has been back for about a week, returned yesterday from a short run to Blair, where he went to see the new mill of the big company start up.

Superintendent A. R. Parsons of the Millers mills, has returned from a vacation to Salt Lake. He says that the mills, which were closed for the past few days on account of repairs, will be opened up the first of the week.

Senator William Flynn, president of the Pittsburg Silver Peak Company, accompanied by his daughter, came in from Blair last night, and took the train for Philadelphia. The senator was present at the first dropping of the stamps of the 100-stamp mill, and expressed himself as much pleased at the result. He said that the mill was without doubt a success, and that the mine was looking better and richer than ever.

DUFFY IS TRAINING.

NEW YORK, Oct. 26.—Arthur, the former world's record holder for the 100, is training at the new West Side Athletic club grounds. Duffy claims that he is training to conciliate his feelings regarding physical culture. It is thought by a few wise ones that the old crack is developing speed for the purpose of invading Canada, where he expects to get on some matches.

WOMAN FOUND DEAD ON FLOOR

DEATH SUPPOSED TO BE THE RESULT OF BRIGHT'S DISEASE.

The body of Mrs. B. F. Verrault was found in her home on Florence avenue on Friday night, wrapped in her kimono. Death resulted from heart failure, superinduced by fatty degeneration, and Bright's disease.

The unfortunate woman came here about a week ago. She was about 34 years of age, pretty, refined, and well educated and carried with her the recommendation of a well known New York house, dated a year ago. Since that time she had evidently trod the primrose path and had gone down in the scale of life. Among her effects was found three pawn tickets, which showed that she had pledged four diamond rings in New York for the sum of \$1075. She has three trunks containing the faintest and most elaborate of wardrobes.

To some with whom she met, she declared that she had come to Tonopah to gain a residence for the purpose of securing a divorce from her husband. Since her arrival here she had participated to some extent in the night life, and showed an overweening fondness for alcoholic stimulants. There is an unclaimed sum of money in the Western Union office for the unfortunate woman.

MERRY BUNCH OF DUCK HUNTERS

The merry bunch of duck hunters went away last night, and the marshes of Inyo county are to be swept clean before they return. There are eleven strong men, each one of them able to a duck, either in the air or in the platter. The party comprises Tom Kendall, treasurer, Bill Douglass, Jim McQuillan and Bob Stewart, duck fighters; Tom Risch, master of the hunt; Ross Condon, Cal Shaw, Jack Humphrey, Dave Holland, retrievers; C. E. Sawyer, purveyor of the goods, and Puddy Grimes, decoy.

The bunch is armed with whistles and signals calculated to woo the ducks from their lair, and they will be lying in wait with gun at the first appearance. They have promised two thousand ducks on their return, so they will have to go some. Don Coykendall, the Spanish count, has been appointed distributing director of the quack fleet.

Chief of Police Malley was asked along to arrest what ducks might resist being shot. He went too.

DAZZLING SHOW OF VAUDEVILLE

The Butler theater will have another change of bill tomorrow night, when there will be a dazzling show of vaudeville. The new people are getting acclimated, and despite the counter attraction of last week, the little show house held its own. Some of the specialties for the coming week are said to be of the best yet, and the motion pictures are the finest ever seen in this part of the country.

MYRA SULLIVAN WINS THE RING

The Della Pringle company bade farewell to Tonopah last night and they had the biggest house of the engagement. The play was "The Perils of a Great City," but that didn't make any difference. The auditor holding the right coupon was awarded a diamond, ring, and the lucky holder was Miss Myra Sullivan. There was a matinee at which the child guessing nearest to the number of people in the audience was awarded a camera. The lucky girl was Belle Morrison.

TONOPAH GIRL MARRIES.

Miss Margaret Hyland of Tonopah was married on Friday to W. S. Strain. The ceremony was performed by the Rev. Father Butler. Mr. Strain is a Pullman conductor. The happy couple left on yesterday morning's train for Los Angeles, where they will make their future home.

GENERAL HITCHCOCK TONOPAH VISITOR

MAKES HURRIED TRIP THROUGH THE STATE ON INSPECTION.

F. H. Hitchcock, First Assistant Postmaster General, was a bird of passage through Tonopah last night. He arrived here on the train from San Francisco, which should have arrived in the morning, but which pulled in in the afternoon. General Hitchcock intended to go to Goldfield, and then come back here by auto, and spend half a day with us, but it was 3 o'clock when he reached the city across the desert, and so came back on the train. He was met at the depot by Postmaster Stewart in an automobile and whizzed up to the postoffice, utilizing his time by an inspection of the office. Mr. Stewart went out on the train with him as far as Mina.

"I regret that I could not have been in Tonopah longer," said General Hitchcock, "and it was my intention to put in half a day here. The object of my visit was to personally inspect the postoffices and meet and confer with the postmasters of Tonopah and Goldfield. I have, of course, known of the conditions existing here, but I wanted to have it at first hand, so that I may be able to go before the next Congress and secure legislation for the relief of this section of the country."

"I believe that we can secure an appropriation from Congress, which will enable us to help out the situation both here and at Goldfield. We appreciate that the conditions here demand special consideration. The postmasters cannot get the help they require for the salaries according to the regular schedule, and it is our purpose to try and have the salaries increased, and also to establish a free delivery. The cities are large enough to have carriers, and if we can do it we are going to get them."

General Hitchcock was asked as to what he thought of the financial situation, but he said that he knew nothing of the situation further than what he had read in the dispatches.

"It has a good look, however," he said, "and I think that the worst has been passed. I have been away from the East for a month, and when I left there, nothing that has happened since was thought of for a moment. I am sorry that I reached here when matters were so depressed, but a little setback will not do the country any harm, in fact it will have a beneficial effect. I do not think that your depression here will last long."

General Hitchcock will stop at Reno, and then proceed to Washington, where his presence is necessary by the first of the month. He is accompanied by Harry B. Hall, who is superintendent, under him, of the coast service.

TONOPAH & GOLDFIELD R. R. CO.

THROUGH PULLMAN SERVICE TO LOS ANGELES DISCONTINUED

Through Pullman car running between Tonopah and Los Angeles via Beatty will be discontinued on and after October 27th. Pullman connections via our rails will be made at Beatty.

ATTEMPT ON LIFE OF PROSPECTOR

(Associated Press.)
BOULDER, Mont., Oct. 26.—A dastardly attempt has been made on the life of Charles Hauer, an old-time prospector. Hauer was preparing breakfast at his mountain home when the side of his cabin was blown away. Hauer's right arm was nearly blown off. He also sustained a number of bad injuries, burns about the body and face. After a trying time extricating himself from the debris, he made his way to this place where medical treatment was given. He will probably recover.

Mothers with little children need no longer fear croup, colds or whooping cough. Bees Laxative Cough Syrup tastes good. It works off the cold through the bowels, clears the head. Guaranteed. Sold by Tonopah Drug Co.

HAVILAH IS NEW CAMP'S NAME

NEW GOLD DISTRICT IS IN THE SILVER STATE RANGE.

Havilah, meaning the "land of gold," is the name of the new mining camp in the Silver State range, 25 miles northwest of Winnemucca, the scene of the recent gold strike made by Messrs. Kotelman and Critchfield.

P. B. Kotelman, who came in from the camp yesterday, states that a meeting of the claim owners was held on Monday for the purpose of organizing the district and giving it a name. There were fourteen claim owners present and the name of "Havilah" was unanimously decided upon. The following boundaries were defined for the district:

Beginning at the Havilah well and running two miles east to a point on the east boundary line, thence north about eight miles to the Sod House road, thence west six miles, thence south to a point four miles west of the Havilah well, thence south eight miles, thence east six miles, thence north eight miles to the starting point on the east boundary line. The district is sixteen miles long by six miles wide.

Robert G. Pohl was unanimously elected district recorder and a committee consisting of Messrs. Kotelman and Pohl was appointed to notify the County Recorder and the County Commissioners that the district had been formed.

Besides Messrs. Kotelman and Pohl, James Coleman, E. A. Ludwick and L. C. Garcia also came in yesterday from Havilah and they all say the camp has a showing which marks it as a sure winner. Location work on the principal claims is about completed and development will progress rapidly from now on. Wherever work has been done on the large quartz ledges which abound in the district, the showing is of the most encouraging kind and high gold assays are obtained. Mining men who have inspected the various properties are confident the camp will be a big producer.

On the Kotelman and Critchfield property several tons of ore have been taken out and will be shipped just as soon as the necessary sacks arrive.

L. C. Garcia is the owner of a fine group of claims, on one of which he has opened up a ledge from which high gold assays have been obtained. R. W. Fairbank has about finished surveying the townsite located by Messrs. Ludwick and Gleaves and lots will soon be placed on sale. A well has been sunk and a plentiful water supply developed.

Summerfield and Pearce have opened a feed yard at Havilah, with plenty of hay and grain on hand. This is a great convenience, as it will not be necessary for those who visit the camp hereafter to take along feed for their horses.

P. B. Kotelman, R. G. Pohl, C. W. Quinn, Walter Gleaves and several others who own and are working claims in the new camp of Havilah, arrived in Winnemucca last evening.

Mr. Kotelman states that he and his associates, Messrs. Critchfield and Shaw, have bonded their Sunrise group at Havilah to Messrs. Friedhoff and Hoefel, mining men from Cripple Creek, Colo. The Sunrise group adjoins the Little Johnnie, on which the original strike was made, and comprises three claims, with one of the best gold showings in the camp. Work under the bond is to be commenced at once and carried on energetically.

The prospects at Havilah are looking fine and there is every reason to believe it is going to be a winning camp. Nearly all the claim owners have finished their claim work, and the principal properties and the townsite have been surveyed. Most of the claim owners are now arranging to begin development and open up the big ledges which show high gold values on the surface.

Since the strike on the claims owned by Mr. Kotelman and associates was made, gold has been found in many places and the camp has fully half a dozen properties with ore showing good values in the yellow metal.—Humboldt Star.

P. B. Kotelman is at present in this city and has with him some of the rock of the new find. He panned some of it yesterday, with some very fine results. The gold, shone all

through the panning and under the glass made a particularly fine showing.

"That rock will go about \$35 or \$40 to the ton," said Mr. Kotelman, "and it was taken from a ledge six feet wide. But it is nothing to what we have in the way of high grade. The beauty of the camp has been, up to date, that we are finding new showings all the time. We don't get a panning here and wait a week for one over there, but we are getting them all the time. There are ten well defined ledges in the camp, and there are others intersecting these. In my opinion, it is going to be only a short time when we will have in Havilah another great camp for Nevada."

NOTICE.

There will be a meeting of the State Board of Medical Examiners at Carson City, Nevada, on November 4th, 1927. S. L. LEE, Secretary.

MISCELLANEOUS

FOR RENT—Suite of office rooms, either furnished or unfurnished, in the McKim building.

FOR RENT—Two-room house, furnished. Inquire McKim's store.

LOST—Bunch of keys, going from Bonanza office to Tonopah Banking Corporation; return to Harry Epstein; reward. 10-26-2t

WE HAVE 5000 cribbage boards which we will give away FREE. Call and receive one. The Southern Nevada Wagon Co. 10-26-2t
